Introducing Stevens First Coeds

1971

Stevens admits the first 19 female undergraduates, officially incorporates coeducation at Stevens.
First Woman to Graduate

The first female to graduate from Stevens is Lenore Schupak 1974.
Women’s Voices: A Stevens Oral History Project

Oral history allows you to learn about the perspectives of individuals who might not otherwise appear in the historic record. Recording their story also allows you to ask about a certain time and place before it is forgotten. The story of women at Stevens and women in STEM fields has not been well documented in the archives. The goal of this project is to document women in STEM by recording and archiving the stories from Stevens’ alumnae.
